It's the greatest story never told: that of a boy who met Jesus and dared to ask Him all the questions that have consumed mankind since the dawn of time. His name was Segatashya. He was a shepherd born into a penniless and illiterate pagan family in the most remote region of Rwanda. He never attended school, never saw a bible, and never set foot in a church. Then one summer day in 1982 while the 15-year-old was resting beneath a shade tree, Jesus Christ paid him a visit. Jesus asked the startled young man if he'd be willing to go on a mission to remind mankind how to live a life that leads to heaven. Segatashya accepted the assignment on one condition: that Jesus answer all his questions-and all the questions of those he met on his travels-about faith, religion, the purpose of life, and the nature of heaven and hell. Jesus agreed to the boy's terms, and Segatashya set off on what would become one of the most miraculous journeys in modern history. Although he was often accused of being a charlatan and beaten as a result, Segatashya's innocent heart and powerful spiritual wisdom quickly won over even the most cynical of critics. Soon, this teenage boy who had never learned to read or write was discussing theology with leading biblical scholars and advising pastors and priests of all denominations. He became so famous in Rwanda that the Catholic Church investigated his story. The doctors and psychiatrists who examined Segatashya all agreed that they were witnessing a miracle. His words and simple truths converted thousands of hearts and souls wherever he went. Before his death during the 1994 Rwandan genocide, Segatashya continued his travels and conversations with Jesus for eight years, asking Him what we all want to know: · Why were we created? · Why must we suffer? · Why do bad things happen to good people? · When will the world end? · Is there life after death? · How do we get to Heaven? The answers to these and many other momentous, life-changing questions are revealed in this riveting book, which is the first full account of Segatashya's remarkable life story. Written with grace, passion, and loving humor by Immaculée Ilibagiza, Segatashya's close friend and a survivor of the Rwandan holocaust herself, this truly inspirational work is certain to move you in profound ways. No matter what your faith or religious beliefs, Segatashya's words will bring you comfort and joy, and prepare your heart for this life . . . and for life everlasting.

BACKBONE is a Memoir about the life of Tamara M Hamil, her struggles as a child, and the psychological damage that almost destroyed her as an adult. Tamara didn't choose her circumstances, but they chose her. Instead of being defeated by them, she has chosen to be a voice for women with similar struggles, hoping to help them to understand forgiveness and gain an understanding that no one controls your destiny but you. Bestselling author and mystic Lorna Byrne teaches us how to have more compassion for both ourselves and others and to see all the love around us in this powerful and moving book—perfect for fans of Louise Hay and Doreen Virtue. Lorna Byrne, an Irish mystic, has been seeing angels since she was a baby, but she sees even more than that. In Love from Heaven, she reveals for the first time that she sees love as a physical force. Lorna first became conscious that the angels were teaching her about love when she was five years old, and today she can see how love manifests in each of us. She sees that newborn babies are full of pure love and that many teenagers and adults seem surrounded at the heart level by a transparent but ironlike band, which restricts that love. We are all pure love, but nine out of ten of us have locked away most of this love within ourselves. This love remains there, though—indestructible and ready to be released, if only we can learn to love ourselves first. Love from Heaven will transform the way you think about love, stir up the love within, and make you more compassionate, leading to a happier life for you and those around you.

This book was inspired by far too many stories about gun violence and active shooters causing deaths, pain and sorrow. On the surface, "GRAY HAired ANGELS" seems dark and dystopian, but it is as real as can be. When elderly people living in hospice with terminal illnesses now face heartbreak after losing loved ones to gun violence, they must make a choice. At the center is a passionate man who is a highly educated benefactor and knows he can help others find retribution. This is a story of hope, love, life and redemption. Readers will be faced with two fundamental questions: Could you take a life? Would you be able to die for it? A conversation starter for sure!

A collection of children's stories by international bestselling author Lorna Byrne. Lorna Byrne says we all see angels when we are young children, but are gradually conditioned to screen them out. Here, for the first time, she has written stories, inspired by real life, of seven children whose lives were transformed and made better by their interaction with their guardian angels. Among these, there is a story of a little girl called Suzy, paralysed from birth and unable to play with other children. Angels play with her and bring her great happiness. In another story a little girl called Emma is mean to her classmates and gets her little brothers into trouble at home. Her guardian angel gradually prompts her towards a more harmonious and happy life. Tommy feels he is an outsider because he is no good at football. Then with his guardian angel's loving help and attention, Tommy scores a brilliant goal! Lorna began telling stories to her daughter Aideen at an age when, like all children, she was beginning to focus far more on the material world and less on spiritual influences. These stories are written to show children the ways in which they can ask for help from their guardian angels and perhaps even to catch a glimpse of them.

Argues fairies are real and explains how fairies can help heal illnesses in humans and pets, find lost objects, help grow lush gardens, and clean up the environment.

Anne Lamott claims the two best prayers she knows are: "Help me, help me, help me" and "Thank you, thank you, thank you." She has a friend whose morning prayer each day is "Whatever," and whose evening prayer is "Oh, well." Anne thinks of Jesus as "Casper the friendly savior" and describes God as "one crafty mother." Despite--or because of--her irreverence, faith is a natural subject for Anne Lamott. Since *Operating Instructions* and *Bird by Bird*, her fans have been waiting for her to write the book that explained how she came to the big-hearted, grateful, generous faith that she so often alluded to in her two earlier nonfiction books. The people in Anne Lamott's real life are like beloved characters in a favorite series for her readers--her friend Pammy, her son, Sam, and the many funny and wise folks who attend her church are all familiar. And *Traveling Mercies* is a welcome return to those lives, as well as an introduction to new companions Lamott treats with the same candor, insight, and tenderness. Lamott's faith isn't about easy answers, which is part of what endears her to believers as well as nonbelievers. Against all odds, she came to believe in God and then, even more miraculously, in herself. As she puts it, "My coming to faith did not start with a leap but rather a series of staggers." At once tough, personal, affectionate, wise, and very funny, *Traveling Mercies* tells in exuberant detail how Anne Lamott learned to shine the light of faith on the darkest part of ordinary life, exposing surprising pockets of meaning and hope.

Angels In My Hair is the autobiography of a modern day mystic, an Irish woman with powers of the saints of old. When she was a child, people thought Lorna was 'retarded' because she did not seem to be focussing on that was around her. Lorna remembers seeing not just the world around her but seeing, equally vividly, angels and spirits. For many years she assumed everyone saw the same. As Lorna tells the story of her life, growing up in a poor family, later working in Dublin, marrying and experiencing family tragedy, the reader meets, as she did, the creatures from the spirit worlds who also inhabit our own - mostly angels of an astonishing beauty and variety, including the prophet Elijah and an Archangel - but also the spirits of people who have died. Today, it is not only the sick and troubled who come to visit Lorna, looking for healing and consolation, but theologians of different faiths and the head of a religious order in Rome travel to see her for guidance and spriritual insight. This remarkable document is the testimony of a woman who sees things at the far end of the spectrum, beyond the range of our everyday experience.

Christians face relentless attacks from an ungodly culture, a formidable adversary, and our own fallen natures. Yet we cannot afford to surrender to these very real enemies. Just as survivalists use 10 specific strategies to overcome threatening situations, *Courageous* explains 10 biblical strategies for surviving--and thriving--in a world that is hostile to our faith. As A.W. Tozer said, "A scared world needs a fearless church." *Courageous* is a clarion call for Christians to boldly live out their faith. If you've felt your faith is under attack, if you're struggling with the temptation to follow the crowd despite biblical teaching to the contrary, or if you're just feeling weary, the 10 strategies in *Courageous* will provide fresh fire and new hope.

In his groundbreaking first book, *Your Soul's Plan*, Robert Schwartz brought the idea of pre-birth planning into the mainstream.

Now, his brilliant sequel *Your Soul's Gift* delves even deeper by exploring the pre-birth planning of spiritual awakening, miscarriage and abortion, caregiving, abusive relationships, sexuality, incest, adoption, poverty, suicide, rape, and mental illness. Working with a team of gifted mediums, Schwartz brings forth great love and wisdom from the other side to explain why such experiences are planned and the deep, soul-level healing they can create. Through the stories in *Your Soul's Gift* you can:

- Develop greater self-love as you become aware of the tremendous courage it takes for you to plan a life on Earth and to live the life you planned
- Emerge from victim consciousness to know yourself as the powerful creator of your life
- Forgive those who have hurt you and create a lasting inner peace
- Understand the qualities you came into this lifetime to cultivate and express
- See profound purpose in experiences that once appeared to be meaningless suffering
- Develop a heartfelt knowing of your infinite worth, beauty, magnificence, and sacredness as an eternal soul.

Rule the world and take control of your emotional and mental health from where you sit, stand, and sleep. *The Holistic Home* is based on an original lifestyle concept focused on creating a dynamic, healthy, and thoughtful space within yourself and your home by combining three planes of action—mind, body, and spirit—that result in profound change. The condition of the mind affects the psychology of how you dwell: subconscious influences, decorating with intention, and allowing your emotional issues and challenges to manifest in your space. The physical aspects of your design space, such as furniture positioning, design elements, sustainability, wellness, and organization, are representative of your relationship with your body. And finally, the spirit refers to all the invisible energies within you and your home—feng shui, atmosphere, and the soul of your home. Years ago, author and holistic feng shui expert Laura Benko was diagnosed with a rare cancer. Around that time, a book serendipitously fell on her head. She took this as a much-needed sign to devote the next decade of her life to research and hundreds of transformative holistic design consultations. Her clients' real-life, inspiring stories, along with specific actions and tips, have become the foundation for *The Holistic Home*. Chapter by chapter, you'll learn how to holistically tackle it all—relationships, clutter, health, communities, inner balance, and more—by looking within your immediate environment to make direct connections in your life.
