

Ayrton Senna The Messiah Of Motor Racing

An illustrated history of Formula 1 that traces the Drivers' World Championship, decade by decade, from its first race on 13 May 1950 through all 70 editions.

In a world where it is becoming increasingly difficult to maintain a dominance in any sporting discipline, Fogarty has won the World Superbike Championship no fewer than four times including back-to-back wins. Carl has come a long way since the early 1980s when he used to travel to circuits as far away as Finland in a clapped-out old horsebox. But those early days were also wild and enjoyable times. Tales of hell-raising abound: staggering home at five in the morning before the Isle of Man TT was clearly not the best preparation for one of the most dangerous races in the world. This autobiography tells his tale of a working class Lancashire boy made good in one of the most dangerous and glamorous of sports.

Total Competition is the most compelling, comprehensive and revealing insight into what it takes to get to the top in Formula One that has ever been published. Across four decades, Ross Brawn was one of the most innovative and successful technical directors and then team principals in Formula One. Leading Benetton, Ferrari, Honda, Brawn and Mercedes, he worked with drivers such

as Michael Schumacher, Jenson Button and Lewis Hamilton to make them world champions. In 2017, he was appointed F1's managing director, motor sports, by the sport's new owners Liberty Media. Now, in this fascinating book written with Adam Parr (who was CEO and then chairman of Williams for five years), he looks back over his career and methods to assess how he did it, and where occasionally he got things wrong. Total Competition is a definitive portrait of modern motorsport. In the book, Brawn and Parr explore the unique pressures of Formula One, their battles with Bernie Ecclestone, and the cut-throat world they inhabited, where coming second is never good enough. This book will appeal not only to the millions of Formula One fans who want to understand how Brawn operates, it will also provide many lessons in how to achieve your own business goals. Formula One is speed, glamour, danger - and eye-watering wealth. Driven: The Men Who Made Formula One tells how a small group of extraordinary men transformed Formula One from a niche sport played out on primitive tracks surrounded by hay bales and grass verges into a £1 billion circus performing in vast theatres of entertainment all over the world. Led by Bernie Ecclestone, the billionaire ringmaster, this clique started by scraping a living to

go racing and ended up creating space-age cars, turning drivers from amateur gladiators into multimillion-pound superstars, like Ayrton Senna and Lewis Hamilton, while the names of Ferrari, McLaren and Williams are now as familiar around the world as Manchester United or Real Madrid. For 20 years, Kevin Eason watched how these men operated like a sporting Mafia, protecting each other while squabbling over the vast wealth pouring into the sport. As motor racing correspondent for The Times and then with The Sunday Times, Eason was privileged to have a ringside seat as this cabal of wealthy characters ruled and then were pushed out of the sport they created. This colourful and compelling account of the extraordinary flourishing of Formula One explores the quirks and extravagances of the men who converged - in one generation - to shape their sport; disparate characters with a common impulse: they were racers - and they were driven.

From nowhere to the winner's podium: the story of Jenson Button's astonishing domination of the F1 world championship. On 4 December 2008, just a few months before the new season was due to start, the Honda Racing F1 team, which Jenson Button had been driving for since 2006, pulled the plug on their involvement in Formula One. The media at the time reported that it was likely that the factory would be forced to shut, and it was unlikely that Jenson

would be able to secure a drive at a top team at this late stage. Yet incredibly, in October 2009, Jenson Button was crowned World Champion, and the new team that had risen from the ashes of the Honda Racing F1 team - Brawn GP - secured the constructors' championship in their first season, a feat never before achieved. If this were a movie script you wouldn't believe it possible, so how did it happen? A CHAMPIONSHIP YEAR tells Jenson's incredible story of the 2009 season, from being written off pre-season to winning six of the first seven races, and finally securing the championship in brilliant style at the Brazilian Grand Prix. Jenson's personal commentary on the races is combined with notes on strategy, on-board radio exchanges, quotes from the team and even text messages to recreate the atmosphere of each race weekend. With a foreword by Ross Brawn, it is a fascinating account of an extraordinary grand prix year, and shows just what it takes to become world champion.

would become the most intense and ruthless racing driver the world has ever seen. It was a story that would have a tragic ending. As the great rivals raced to victory, their relationship deteriorated badly, beginning with the breaking of a gentleman's agreement, and public spats followed, culminating in Prost accusing Senna of deliberately trying to ride him off the circuit, and fearful that the Brazilian would get someone killed with his daring overtaking feats. And the final, sad act of this drama happened at the San Marino Grand prix at Imola in May 1994, when Senna was killed. Featuring a rare interview with Prost, and insight from Martin Brundle, Damon Hill, Sir Frank Williams, Bernie Ecclestone, Derek Warrick, Johnny Herbert, Gerhard Berger, plus McLaren insiders and other F1 figures, Malcolm Folley provides us with a breath-taking account of one of the all-time classic sporting rivalries.

Ayrton Senna: Portrait of a Racing Legend, published to mark the 25th anniversary of Ayrton Senna's death, is an illustrated retrospective biography of a man who illuminated Formula 1 in a 10-season career that was almost without parallel. He began his F1 career at Lotus, then moved to McLaren in 1988 and he was World Champion three times in his first four years with the team. His move to Williams in 1994 seemed certain to see more wins and world titles, but after two retirements to start the season, a crash at the Tamburello bend during the San Marino Grand Prix at Imola proved to be fatal. The desolation at the news of the deadly crash was felt around the world--and led to major changes in the safety of racing cars and circuits.
