This handbook will help to ensure you have the confidence and skill to carry out an 'A' grade examination every time.

Providing a thorough review and synthesis of work on communication skills and skill enhancement, this Handbook serves as a comprehensive and contemporary survey of theory and research on social interaction skills. Editors John O. Greene and Brant R. Burlinson have brought together preeminent researchers and writers to contribute to this volume, establishing a foundation on which future study and research will build. The handbook chapters are organized into five major units: general theoretical and methodological issues (models of skill acquisition, methods of skill assessment); fundamental interaction skills (both transfunctional and transcontextual); function-focused skills (informing, persuading, supporting); skills used in management of diverse personal relationships (friendships, romances, marriages); and skills used in varied venues of public and professional life (managing leading, teaching). Distinctive features of this handbook include: \* broad, comprehensive treatment of work on social interaction skills and skill acquisition; \* up-to-date reviews of research in each area; and \* emphasis on empirically supported strategies for developing and enhancing specific skills. Researchers in communication studies, psychology, family studies, business management, and related areas will find this volume a comprehensive, authoritative source on communications skills and their enhancement, and it will be essential reading for scholars and students across the spectrum of disciplines studying social interaction.

This book provides anaesthetists, intensivists and other critical care staff with a comprehensive resource that offers ways of improving communication in everyday clinical practice, and provides practical communication tools that can be used in difficult or unfamiliar circumstances. It demonstrates how communication can be structured to improve patient care and safety with numerous practical examples and vignettes illustrating how the concepts discussed can be integrated into clinical practice, and presents ideas in a way that enhances clinical interactions with patients and colleagues and facilitate the teaching of trainees. Section 1 contains theoretical and research-based material on which the communication models and concepts used in the book are based. Section 2 details examples of how communication skills can be integrated into clinical practice. Section 3 addresses special situations including: obstetrics; paediatrics; needle phobia; how to break bad news; and the Intensive Care Unit. Section 4 provides examples of other interpersonal and professional communication skills relevant to the acute care clinician such as, 'Talking to surgeons' and 'Team communication'. Finally, Section 5 builds on many of the concepts used earlier in the book and briefly presents how the innovative use of advanced 'hypnotic' communication skills can supplement and enhance anaesthesia and critical care. Edited by practising anaesthetists with particular expertise in teaching communication, and with contributions from expert clinicians based in North America, Europe and Australasia, this book will stimulate and complement the development of comprehensive resources for communication skills teaching in anaesthesia and other related professional groups.

Reviews "I have been a regular user of the book by Prof. Nira Konar and found it a very reliable resource. The chapters on 'Group Discussion and Body Language' are particularly helpful. Besides, the chapter on 'Communication Theory' has been relevantly and effectively explained keeping in mind the needs of the students. Overall, the book is very accessible by all levels of students. It is a part of recommended reading for my students." - Nandini Mukherjee Course Coordinator, Department of Communicative English, St. Xavier's College, Kolkata

"An extremely concise, lucidly written and reader-friendly book, that serves as a handy reference manual for all in-service English language teachers of degree engineering colleges. The B.Tech Communicative English syllabus has been closely followed, with detailed sections on grammar, writing and comprehension. The chapters on vocabulary take an insightful look at etymology, word origins, synonymy and antonymy. Detailed word lists and practice exercises make the section extremely helpful for practicing teachers. The sections on grammar are fairly detailed, offering a thorough analysis of Verbs, Tenses, Voice, Narration, Transformation of Sentences and Error Correction. There are plenty of practice exercises for the teacher to choose from. Reading skills are well discussed and technical writing is given all the importance and predominance it usually occupies in any course on technical communication. The section on report writing is extremely useful as a guide for teachers for teaching students the formatting and writing essentials in documenting reports. There is a section on professional speaking too, which enriches the content of the book. On the whole, the book is of continuing usefulness and relevance in any technical English course and will be used by teachers and students alike for many years to come." - Dr Indrajit Bose Assistant Professor of English, GNIT, Kolkata

"Dr. Konar's book acts as a comprehensive guide to the students of professional, technical as well as basic courses to hone their language skills. The language of the book is persuasive, fluid and student-friendly which makes it useful even to the first generation learners of English. The scope of this book extends from word-building to report writing and covers almost all the thrust areas of language training in a nutshell. Hence, it deserves a shelf-space in the library of any institution." - Ayushman Banerjee, Assistant Professor in English, Haldia Government College, Kolkata

"This is one of the best books on 'Communication' available in the market. Dr. Nira Konar is a brand by herself whenever English Language Teaching (ELT) comes into discussion. This compact edition discusses in detail the various aspects of language ranging from Vocabulary, Grammar, Syntax to effective communication in business. The book gives a clear reading of LSRW skills such as writing, reading, listening, and public speaking. It further confers different means of effective communication, situational dialogues, body language, and group discussions. The book follows the present MAKAUT curriculum of English for B.Tech 1st year 2nd Semester (HM-HU 201 & HM-HU 291) thoroughly. It not only gives an overview of the Theory syllabus but also provides details of Language Laboratory activities as well. "Communication Skills for Professionals"

enables the readers to express themselves clearly and communicate effectively at the workplace. This book not only deals with the rudiments of communication but also gives insights into the body language and provides important tips on how to be successful at interviews and group discussions. Primarily intended for students of engineering and technology, the book will also be useful for Management students and the students of all disciplines who want to acquire the skill in corporate communication and excel in their respective professional areas."

- Sohini Datta Assistant Professor, Department of Management, IEM, Sector V, Salt Lake, Kolkata "Easy and in-depth writing on the subject is the aim of this book. The author has put in here the fruits of teaching the students from the wide-ranging and first-hand knowledge of business speaking and writing, and listening in a friendly way. It is enriched with extensive references. On every page of the book the students will see how a simpler style of English is balanced with their need." - Dalia Sen Assistant Professor, Bengal Institute of Technology (Under Techno India Group), Kolkata

Communication remains a significant topic for job acquisition, development, and advancement. As such, there are no shortage of classes, seminars and books written on the subject. However, there are few designed for the corporate consultant that are not aligned with some proprietary system, traditional academic classrooms, or author's speculation. These tend to be either inaccessible, questionable in their content, or specifically aligned with the producers' interests. So where can the Communication trainers and consultants go to focus on fundamental touchstone research and practices? The Handbook

of Communication Training is a powerful template, and first of its kind, for communication practitioners and academicians who wish to strengthen their professional capabilities. It also acts as a guide and standard for consumers and clients of these services. The chapters within are an outgrowth of the National Communication Association's Training & Development Division's desire to provide guidance, structure, and support for members and non-members alike. It is specifically targeted at those pursuing best practices regarding communication consulting, coaching, teaching and training. The 7 Best Practices presented in this book represent capabilities that are foundational to the effective transfer of communication promotion and skill enhancement. As such, these practices, and supporting chapters, should appeal to novice and experts alike.
