Some years ago, David Freedberg opened a dusty cupboard at Windsor Castle and discovered hundreds of vividly colored, masterfully precise drawings of all sorts of plants and animals from the Old and New Worlds. Coming upon thousands more drawings like them across Europe, Freedberg finally traced them all back to a little-known scientific organization from seventeenth-century Italy called the Academy of Linceans (or Lynxes). Founded by Prince Federico Cesi in 1603, the Linceans took as their task nothing less than the documentation and classification of all of nature in pictorial form. In this first book-length study of the Linceans to appear in English, Freedberg focuses especially on their unprecedented use of drawings based on microscopic observation and other new techniques of visualization. Where previous thinkers had classified objects based mainly on similarities of external appearance, the Linceans instead turned increasingly to sectioning, dissection, and observation of internal structures. They applied their new research techniques to an incredible variety of subjects, from the objects in the heavens studied by their most famous (and infamous) member Galileo Galilei—whom they supported at the most critical moments of his career—to the flora and fauna of Mexico, bees, fossils, and the reproduction of plants and fungi. But by demonstrating the inadequacy of surface structures for ordering the world, the Linceans unwittingly planted the seeds for the demise of their own favorite

method—visual description-as a mode of scientific classification. Profusely illustrated and engagingly written, *Eye of the Lynx* uncovers a crucial episode in the development of visual representation and natural history. And perhaps as important, it offers readers a dazzling array of early modern drawings, from magnificently depicted birds and flowers to frogs in amber, monstrously misshapen citrus fruits, and more.

This excellent addition to the UTiCS series of undergraduate textbooks provides a detailed and up to date description of the main principles behind the design and implementation of modern programming languages. Rather than focusing on a specific language, the book identifies the most important principles shared by large classes of languages. To complete this general approach, detailed descriptions of the main programming paradigms, namely imperative, object-oriented, functional and logic are given, analysed in depth and compared. This provides the basis for a critical understanding of most of the programming languages. An historical viewpoint is also included, discussing the evolution of programming languages, and to provide a context for most of the constructs in use today. The book concludes with two chapters which introduce basic notions of syntax, semantics and computability, to provide a completely rounded picture of what constitutes a programming language. /div

France. Christophe Felder, along with his longtime collaborator, Camille Lesecq, are back with a new volume that focuses upon the delightful small pastries that are one of the highlights of the art of French baking. Both children and adults adore these often bite-size indulgences. Included here are all the fundamental recipes--the classics and the traditional favorites--along with original, inventive creations. Recipes include amandines, babas, biscuits, bostocks, creams, croquantes, croustillons, financiers, flans, madeleines, Alsatian manderlis, Napoleans, petits fours, sablés, tartlets, and much more. The book opens with a section on twenty-seven base recipes from which all others can be made, including pâte brisée, pâte sucrée, sablé breton, dacquoise, pâte à choux, feuilletée rapide, and crème pâtissière. It is then divided into chapters of increasing complexity, with a final chapter on "funny" cakes--playfully decorated small cakes designed to delight children or for parties. Each recipe comes with precise preparation and cooking times, step-by-step decorating tips, and suggestions for vegan and gluten-free alternatives--this seemingly petite package contains a wide range of sweet and simple pleasures to delight big and small gourmets alike.

As a follow-up to his spectacular Patisserie, master pastry chef Christophe Felder presents *Gâteaux*, a beautifully illustrated guide to executing perfect cakes, from delightful small bites to showstopping centerpieces. Classic French pastry represents the pinnacle of control, elegance, and technique. From jewellike canelés and madeleines in a window case to burnished brioches at the boulangerie to showstopper centerpiece desserts at five-star

restaurants, everyone loves a perfect bake. Precise instructions and step-by-step photographs guide bakers through 150 mouthwatering recipes, including one-bite delights, simple cakes, Sunday breads, celebration cakes, and tarts. Felder includes French classics such as sablés, éclairs, Saint-Honoré cake, tarte tatin, and croquembouche, regional recipes from Alsace, Brittany, and Provence, as well as his own twists on Belgian (Speculoos), German (Black Forest cake), and Australian (Pavlova) desserts. Each beautiful photograph will inspire bakers of all levels while step-by-step pictures clearly illustrate techniques such as making fondant flowers, constructing a charlotte, and braiding a brioche. To build younger bakers' skills and confidence, Felder includes a section of easy recipes for the whole family—which don't short on proper technique.

Newly updated and expanded with 3,500 step-by-step photographs, all the classics of French patisserie are made accessible for the home cook. For every serious home baker, French pastry represents the ultimate achievement. But to master the techniques, a written recipe can take you only so far—what is equally important is to see a professional in action, to learn the nuances of rolling out dough for croissants or caramelizing apples for a tarte tatin. For each of the 233 recipes here, there are photographs that lead the reader through every step of the instructions. There has never been such a comprehensive primer on patisserie. The important base components—such as crème patisserie, pâte à choux, and chocolate ganache—are presented as stand-alone recipes. Once

comfortable with these, the home baker can go on to tackle the famous and more complex creations—such as Éclairs, Saint-Honoré, Opéra—as well as feel empowered to explore new and original combinations. An entire chapter is devoted to decoration as well as sauces, syrups, and fillings. Whether used to develop skills or to refine techniques, to gain or simply broaden a repertoire, Patisserie dispels the mystery around classic French pastries, so that everyone can make them at home.

* Analyzes the art of Frida Kahlo and incorporates the most up-to-date research available on the work of the artist* Published to accompany an exhibition at the MUDEC in Milan, from February to June 2018Frida Kahlo, a truly extraordinary woman who captured the public's imagination with her iconic look, troubled life and exotic air, is first and foremost a great painter. This exhibition and accompanying catalogue aim to free her work from the haze of myth and the frustrating limits of private life in order to grant her the position she deserves within the history of art. Oil paintings, drawings, watercolors, letters and photographs explore the complex historical and cultural context of Kahlo's work,

examining its explicit realism as well as its disturbing ambiguity, its dramatic content as well as its irony, and not least, the exuberant sensuality of her still lifes. Organized by theme in several large chapters, the catalogue analyses the art of Frida Kahlo, revealing its uncompromising political nature, audacious use of the body, macabre, violent aesthetic, and symbolic and symbiotic interaction with the natural environment of Mexico in the early 1900s. The catalogue represents the most up-to-date text available on the work of one of the most celebrated and beloved artists of all time.

His entirely original and inspired flavor combinations--such as cucumber and tangerine, wasabi cream and strawberry, and hazelnut and asparagus--make it clear why Hermé's macarons are famous the world over. The genius pâtissier's best macarons, including many of his newest recipes, are revealed for the first time in a gorgeous volume that almost rivals the beauty of the exquisite creations featured within. Hardcover includes a

removable step-by-step guide to techniques used throughout the book. An absolute must-read for anyone who loves books In Closing Time, Joe Queenan shared how he became a voracious reader to escape a joyless childhood. Now, like many bibliophiles, he fears for the books that once saved him. In One for the Books, Queenan examines the entire culture of reading and what books really mean in people's lives today. What does it suggest if a person has no books displayed in his living room? Can an obsession with reading prove detrimental to one's well being? How useful are covers in selling books? Queenan's many fans—as well as anyone who loves books and reading—will want to join him on his unforgettably funny and moving journey.

" "Whenever I see that Dos Equis commercial – ‘the most interesting man in the world’ – I always think, no, that's not true. The most interesting man in the world is Alex Atala." – David Chang "A cuisine unlike anything I've ever had in my life." – Daniel Humm, Eleven Madison Mark At D.O.M. in São Paulo, widely regarded as one of the world's best restaurants, you won't find the traditional staples of fine dining on the menu. For the past 15 years, acclaimed chef Alex Atala – a native of Brazil and the only chef named one of TIME magazine's 100 Most Influential People in the World in 2013 – has refused to import any ingredients traditionally found in the European kitchens where he once trained. Instead, Atala scours the lush bounty of the Amazon for

indigenous produce and proteins, crafting a cuisine that is steeped in classical techniques yet distinctly and uniquely Brazilian. D.O.M.: Rediscovering Brazilian Ingredients is Atala's first major cookbook. Here, he offers an in-depth look at the products and creative process that make up his innovative cuisine. The book features 65 recipes such as Fresh Heart of Palm with Scallops and Coral Sauce; Lightly Toasted Black Rice with Green Vegetables and Brazil Nut Milk; Lamb Hind Shanks with Yam Puree and Pitanga; and Priprioca, Lime, and Banana Ravioli. 150 stunning color photographs bring each dish to life and reveal the lush, vibrant landscapes of Atala's Brazil. The result is an immersive experience that transports readers into the streets of São Paulo and the rain forests of Amazon. Also featuring an introduction by chef Alain Ducasse, D.O.M.: Rediscovering Brazilian Ingredients explores the mind of one of the world's best chefs as he captures flavors that can be found nowhere else in the world.

Creator of brilliant devotional paintings and mosaics, Cimabue (c. 1240-1302) represented the transition from medieval to early Renaissance art; his legacy is revealed in this authoritative volume, the first new monograph in 30 years. Cimabue is credited with bringing a naturalistic style to the stiff Byzantine forms of 13th-century art. The appeal of his work is undeniable: his trademark elements -- gilt thrones for the Madonna and angels with great multicolored wings -- were echoed by generations of artists, and even today his pieces speak with immediacy and power. In the absence of

surviving documentation, many elegant, classical works are convincingly attributed to Cimabue, works in the collections of the Uffizi, the Louvre, and the National Gallery in Washington, D.C. Other of his saints and Madonnas still decorate the churches for which they were created: paintings in Arezzo, Bologna, Florence, and Pisa, as well as the frescoes in the church of St. Francis in Assisi that were severely damaged in the earthquakes of 1997 (the frescoes are reproduced here as they looked just before the tremors). Luciano Bellosi's text examines the written and painted documentary evidence -- not only of Cimabue's work but that of the artists he influenced -- to create a vivid portrait of the artist in the historical, political, and cultural context of Tuscany and central Italy.

Why do we fear love? How do we invite betrayal? What can we learn about ourselves from eroticism, abandonment, solitude? What unconscious drives are at work and seduction and jealousy? Are love, suffering and creativity connected? This book brings to light a treasure in the darkness.

Alessandro Manzoni was a giant of nineteenth-century European literature whose *I promessi sposi* (The Betrothed, 1928) is ranked with *War and Peace* as marking the summit of the historical novel. Manzoni wrote "Del romanzo storico" ("On the Historical Novel") during the twenty years he spent revising *I promessi sposi*. This first English translation of *On the Historical Novel* reflects the insights of a great craftsman and the misgivings of a profound thinker. It brings up to the nineteenth century the long war

between poetry and history, tracing the idea of the historical novel from its origins in classical antiquity. It declares the historical novel—and presumably *I promessi sposi* itself—dead as a genre. Or perhaps it justifies *I promessi sposi* as the climax of a genre and the end of a stage of human consciousness. Its importance lies both in its prospective and in its retrospective contributions to literary debate.

An authentic, indulgent collection of dessert recipes from across the Middle East, from one of the region's most loved home cooks Whether you start your day with something sweet, finish it with something sweet, or make sure sweets are within reach all day long, you'll find serious inspiration in the pages of Salma Hage's latest cookbook for home cooks. The Middle East's wide range of cultures, ingredients, and influences informs the array of dishes she includes - spiced cookies, cream-filled pancakes, aromatic pastries, and delicious cakes - with recipes that are easy to follow and celebrate simple-to-source spices and taste combinations.

This third volume of *The Letters of Samuel Beckett* focuses on the years when Beckett is striving to find a balance between the demands put upon him by his growing international fame, and his need for the peace and silence from which new writing might emerge. This is the period in which Beckett launches into work for radio, film and, later, into television. It also marks his return to writing fiction, with his first major piece for a decade, *Comment c'est (How It Is)*. Where hitherto he has been reticent about the writing process, now he devotes letter after letter to describing and explaining his work

in progress. For the first time Beckett has a woman as his major correspondent: a relationship shown in his intense and abundant letters to Barbara Bray. The volume also provides critical introductions, chronologies, explanatory notes and profiles of Beckett's main correspondents.

Simultaneously frightening and familiar, the image of the skull is the closest thing human civilization has ever seen to a universal aesthetic totem. Although the power of its iconic form originates from its association with death, it has come to represent so much more. Skullture takes a comprehensive approach while examining this phenomenon, taking into account both visual and conceptual

considerations of the skull throughout history. The book explores the connections of Aztec religious iconography to Damien Hirst and the Ramones to Eighteenth Century funerary practices without ever losing sight of the fact, that while fashion changes, the visual staying power of the human skull carries on. *Skulpture* presents different aesthetic uses of the skull as well as its various cultural resonances through myriad disciplines of art design and fashion. The list of more than 70 contributors includes; Emilio Garcia, Lucy Hardie, Haroshi, Dionne Marshall, Alexandre Orion, Jim Skull, Ian Strange, Didier Ra, Vhils and Yohji Yamamoto.

French Country Cooking - first published in 1951 - is filled with Elizabeth David's authentic recipes drawn from across the regions of France. 'Her books are stunningly well written ... full of history and anecdote' *Observer* Showing how each area has a particular and unique flavour for its foods, derived as they are from local ingredients, Elizabeth David explores the astonishing diversity of French cuisine.
