NEW YORK TIMES BESTSELLER • The celebrated author of *Double Cross* and *Rogue Heroes* returns with his greatest spy story yet, a thrilling Americans-era tale of Oleg Gordievsky, the Russian whose secret work helped hasten the end of the Cold War. “The best true spy story I have ever read.”—JOHN LE CARRÉ Named a Best Book of the Year by *The Economist* • Shortlisted for the Bailie Giffords Prize in Nonfiction If anyone could be considered a Russian counterpart to the infamous British double-agent Kim Philby, it was Oleg Gordievsky. The son of two KGB agents and the product of the best Soviet institutions, the savvy, sophisticated Gordievsky grew to see his nation's communism as both criminal and philistine. He took his first posting for Russian intelligence in 1968 and eventually became the Soviet Union's top man in London, but from 1973 on he was secretly working for MI6. For nearly a decade, as the Cold War reached its twilight, Gordievsky helped the West turn the tables on the KGB, exposing Russian spies and helping to foil countless intelligence plots, as the Soviet leadership grew increasingly paranoid at the United States's nuclear first-strike capabilities and brought the world closer to the brink of war. Desperate to keep the circle of trust close, MI6 never revealed Gordievsky's name to its counterparts in the CIA, which in turn grew obsessed with figuring out the identity of Britain's obviously top-level source. Their obsession ultimately doomed Gordievsky: the CIA officer assigned to identify him was none other than Aldrich Ames, the man who would become infamous for secretly spying for the Soviets. Unfolding the delicious three-way gamesmanship between America, Britain, and the Soviet Union, and culminating in the gripping cinematic beat-by-beat of Gordievsky's nail-biting escape from Moscow in 1985, Ben Macintyre's latest may be his best yet. Like the greatest novels of John le Carré, it brings readers deep into a world of treachery and betrayal, where the lines bleed between the personal and the professional, and one man's hatred of communism had the power to change the future of nations.

"...before you know it, you can't put the book down." "...one of those rare books, light enough on the surface to be a fun summer read, but deep enough to keep you thinking about it long after you've turned the last page." "I can honestly say I didn't want it to end." What if you could create a universe: a miniature self-enclosed universe? Imagine having probing cameras that could focus to any star or planet looking for life. And once you found life, what if you could accelerate time and watch it evolve? What might you find? These are not the questions Jon Gruber ponders as he pedals to his next carpentry job. Over thirty and unmarried, he doesn't even own a car. But a new assignment challenges him to rethink his place in the world. Is he a loser? Or is he about to become a partner in an experiment of phenomenal discovery? Webster Adams, astronomer, inventor, and Jon's latest client, performs such an experiment. To Webster's amazement, he finds planets and cultures beyond his wildest dreams. His little universe turns into a discovery machine--an overnight goldmine. He and his crew observe societies so far past them on levels of technology and spirituality, that the world will be forever changed. Webster's lovely daughter, Whitney, also overwhelms Jon. She opens his eyes to the deeper meanings within the experiment by finding the most advanced beings within the project--the spirit guides from Theta 7. The Little Universe is a mind expanding concept. For Webster Adams, one question immediately comes to light. "If I can create a universe," he wonders, "then who created ours?" Can it be proven that some form of God exists? Or is life random and free-flowing without purpose? Along with Jon, you, the reader, will be presented a new perspective on life and your role in the great mystery of the universe.

Contributions by Thomas J. Cobb, Donna A. Gessell, Helena Goscilo, Cyndy Hendershot, Christian Jimenez, David LaRocca, Lori Maguire, Tatiana Prorokova-Konrad, Ian Scott, Vesta Silva, Lucian Tion, Dan Ward, and Jon Wiebel In recent years, Hollywood cinema has forwarded a growing number of images of the Cold War and entertained a return to memories of conflicts between the USSR and the US, Russians and Americans, and communism and capitalism. Cold War II: Hollywood's Renewed Obsession with Russia explores the reasons for this sudden reestablished interest in the Cold War. Essayists examine such films as Guy Ritchie's The Man from U.N.C.L.E., Steven Spielberg's Bridge of Spies, Ethan Coen and Joel Coen's Hail, Caesar!, David Leitch's Atomic Blonde, Guillermo del Toro's The Shape of Water, Ryan Coogler's Black Panther, and Francis Lawrence's Red Sparrow, among others, as well as such television shows as Comrade Detective and The Americans. Contributors to this collection interrogate the revival of the Cold War movie genre from multiple angles and examine the issues of patriotism, national identity, otherness, gender, and corruption. They consider cinematic aesthetics and the ethics of these representations. They reveal how Cold War imagery shapes audiences' understanding of the period in general and of the relationship between the US and Russia in particular. The authors complicate traditional definitions of the Cold War film and invite readers to discover a new phase in the Cold War movie genre: Cold War II.

"Captain Dominika Egorova of the Russian Intelligence Service (SVR) has returned from the West to Moscow. She despises the men she serves, the oligarchs, and crooks, and thugs of Putin's Russia. What no one knows is that Dominika is working for the

CIA as Washington's most sensitive penetration of SVR and the Kremlin. As she expertly dodges exposure, Dominika deals with a murderously psychotic boss; survives an Iranian assassination attempt; escapes a counterintelligence ambush; rescues an arrested agent and exfiltrates him out of Russia; and has a chilling midnight conversation in her nightgown with President Putin. Complicating these risks is the fact that Dominika is in love with her CIA handler, Nate Nash, and their lust is as dangerous as committing espionage in Moscow. And when a mole in the SVR finds Dominika's name on a restricted list of sources, it is a virtual death sentence ..."--Amazon website.

Urgent, topical and shot through with insider knowledge, the final thriller in the Red Sparrow trilogy is writing on a grand scale. 'Matthews beguilingly blends the fun and sexiness of Ian Fleming with the more procedural, information-rich approach of John le Carre and Frederick Forsyth' Sunday Times 'A provocative and timely novel exploring the notion of Russian influence in the US's corridors of power' Guardian Russian counterintelligence chief Colonel Dominika Egorova has been an asset of the CIA for over seven years. She has also been in a forbidden and tumultuous love affair with her

handler Nate Nash, mortally dangerous for them both, but irresistible. In Washington, a newly installed administration is selecting its cabinet members. Dominika hears whispers of a Russian operation to place a mole in a high intelligence position. If the candidate is confirmed, the Kremlin will have access to the identities of CIA assets in Moscow, including Dominika. Dominika recklessly immerses herself in the palace intrigues of the Kremlin, searching for the mole's identity and stealing secrets before her time runs out. With a plot ripped from tomorrow's headlines, *The Kremlin's Candidate* is a riveting read and a thrilling conclusion to the trilogy that began with *Red Sparrow* and *Palace of Treason*.

Red Sparrow is now a major motion picture starring Jennifer Lawrence and Joel Edgerton! In the final, thrilling New York Times bestselling installment of the *Red Sparrow Trilogy*, Russian counterintelligence chief Dominika Egorova and her lover, CIA agent Nate Nash, must find a Russian agent about to be appointed to a very high office in the US government. With a plot ripped from tomorrow's headlines, Jason Matthews's high-powered, seductive third novel not only continues the dangerous entanglements of Dominika and Nate but reveals with chilling authenticity how Russian espionage can place agents in the most sensitive positions of power. The novel opens with Russian president Vladimir Putin planning the covert assassination of a high-ranking US official with the intention of replacing him with a mole whom Russian intelligence has cultivated for more than fifteen years. Catching wind of this plot, Dominika, Nate, and their CIA colleagues must unmask the traitor before he or she is able to reveal that Dominika has been spying for years on behalf of the CIA. Any leak, any misstep, will expose her as a CIA asset and result in a one-way trip to a Moscow execution cellar. Along the way, Matthews, a thirty-three-year veteran of the CIA and winner of the Edgar Award for Best First Novel, sets vivid, unforgettable scenes in Moscow; Washington, DC; Hong Kong; New York; the Sudan; and Turkey, and introduces two cold-blooded killers: Iosip Blokhin, a brilliant Spetsnaz military officer, and Grace Gao, ravishing Chinese spy, master of Kundalini yoga, and Beijing-trained seductress. Ultimately, the lines of danger converge on the spectacular billion-dollar presidential palace on the Black Sea during a power weekend with Putin's inner circle. Does Nate sacrifice himself to save Dominika? Does she forfeit herself to protect Nate? Do they go down together? This dazzling finale to Jason Matthews's New York Times bestselling *Red Sparrow Trilogy*, called "a primer in twenty-first-century spying...terrifically good" (The New York Times Book Review), confirms the critical acclaim he received for the first two novels, praise that compared Matthews to John le Carré and Ian Fleming.

A Fractured Europe. A Parallel World. A Global Threat. Union has come. The Community is now the largest nation in Europe; trains run there from as far afield as London and Prague. It is an era of unprecedented peace and prosperity. So what is the reason for a huge terrorist outrage? Why do the Community and Europe meet in secret, exchanging hostages? And who are Les Coureurs des Bois? Along with a motley crew of strays and mafiosi and sleeper agents, Rudi

sets out to answer these questions – only to discover that the truth lies both closer to home and farther away than anyone could possibly imagine.

The #1 New York Times bestseller and subject of the acclaimed major motion picture *Bridge of Spies* directed by Steven Spielberg, starring Tom Hanks as James B. Donovan. Originally published in 1964, this is the “enthraling...truly remarkable” (The New York Times Book Review) insider account of the Cold War spy exchange—with a new foreword by Jason Matthews, New York Times bestselling author of *Red Sparrow* and *Palace of Treason*. In the early morning of February 10, 1962, James B. Donovan began his walk toward the center of the Glienicke Bridge, the famous “Bridge of Spies” which then linked West Berlin to East. With him, walked Rudolf Ivanovich Abel, master spy and for years the chief of Soviet espionage in the United States. Approaching them from the other side, under equally heavy guard, was Francis Gary Powers, the American U-2 spy plane pilot famously shot down by the Soviets, whose exchange for Abel Donovan had negotiated. These were the strangers on a bridge, men of East and West, representatives of two opposed worlds meeting in a moment of high drama. Abel was the most gifted, the most mysterious, the most effective spy in his time. His trial, which began in a Brooklyn United States District Court and ended in the Supreme Court of the United States, chillingly revealed the methods and successes of Soviet espionage. No one was better equipped to tell the whole absorbing history than James B. Donovan, who was appointed to defend one of his country’s enemies and did so with scrupulous skill. In *Strangers on a Bridge*, the lead prosecutor in the Nuremberg Trials offers a clear-eyed and fast-paced memoir that is part procedural drama, part dark character study and reads like a noirish espionage thriller. From the first interview with Abel to the exchange on the bridge in Berlin—and featuring unseen photographs of Donovan and Abel as well as trial notes and sketches drawn from Abel’s prison cell—here is an important historical narrative that is “as fascinating as it is exciting” (The Houston Chronicle).

Pride and Prejudice and Mistletoe from New York Times bestselling author, Melissa de la Cruz, is a sweet, sexy and hilarious gender-swapping, genre-satisfying re-telling, set in contemporary America and featuring one snooty Miss Darcy. Darcy Fitzwilliam is 29, beautiful, successful, and brilliant. She dates hedge funders and basketball stars and is never without her three cellphones—one for work, one for play, and one to throw at her assistant (just kidding). Darcy’s never fallen in love, never has time for anyone else’s drama, and never goes home for Christmas if she can help it. But when her mother falls ill, she comes home to Pemberley, Ohio, to spend the season with her family. Her parents throw their annual Christmas bash, where she meets one Luke Bennet, the smart, sardonic slacker son of their neighbor. Luke is 32-years-old and has never left home. He’s a carpenter and makes beautiful furniture, and is content with his simple life. He comes from a family of five brothers, each one less ambitious than the other. When Darcy and Luke fall into bed after

too many egg-nogs, Darcy thinks it's just another one night stand. But why can't she stop thinking of Luke? What is it about him? And can she fall in love, or will her pride and his prejudice against big-city girls stand in their way?

Red Sparrow is now a major motion picture starring Jennifer Lawrence and Joel Edgerton! The thrilling sequel to Red Sparrow—CIA insider Jason Matthews's compulsively readable New York Times bestseller and Edgar Award winner—featuring Russian spy Dominika Egorova and CIA agent Nate Nash “shimmers with authenticity. The villains are

richly drawn...the scenes of them on the job are beyond chilling” (The New York Times Book Review). Captain Dominika Egorova of the Russian Intelligence Service despises the oligarchs, crooks, and thugs of Putin’s Russia—but what no one knows is that she is also working for the CIA. Her “sparrow” training in the art of sexual espionage further complicates the mortal risks she must take, as does her love for her handler Nate Nash—a shared lust that is as dangerous as treason. As Dominika expertly dodges exposure, she deals with a murderously psychotic boss, survives an Iranian assassination attempt and attempts to rescue an arrested double agent—and thwart Putin’s threatening flirtations. A grand, wildly entertaining ride through the steel-trap mind of a CIA insider, *Palace of Treason* is a story “as suspenseful and cinematic as the best spy movies” (The Philadelphia Inquirer)—one that feels fresh and so possible, in fact, that it’s doubtful this novel can ever be published in Russia.

“[Le Carré’s] novels are so brilliant because they’re emotionally and psychologically absolutely true, but of course they’re novels.” —New York Times Book Review A thrilling tale for our times from the undisputed master of the spy genre Nat, a 47 year-old veteran of Britain’s Secret Intelligence Service, believes his years as an agent runner are over. He is back in London with his wife, the long-suffering Prue. But with the growing threat from Moscow Centre, the office has one more job for him. Nat is to take over *The Haven*, a defunct substation of London General with a rag-tag band of spies. The only bright light on the team is young Florence, who has her eye on Russia Department and a Ukrainian oligarch with a finger in the Russia pie. Nat is not only a spy, he is a passionate badminton player. His regular Monday evening opponent is half his age: the introspective and solitary Ed. Ed hates Brexit, hates Trump and hates his job at some soulless media agency. And it is Ed, of all unlikely people, who will take Prue, Florence and Nat himself down the path of political anger that will ensnare them all. *Agent Running in the Field* is a chilling portrait of our time, now heartbreaking, now darkly humorous, told to us with unflagging tension by the greatest chronicler of our age. “Stewart O’Nan’s *City of Secrets* will keep you up all night reading – what a beautifully crafted novel.” – Alan Furst, New York Times bestselling author of *Mission to Paris* From master storyteller Stewart O’Nan, author of *Henry, Himself and Emily, Alone*, a timely moral thriller of the Jewish underground resistance in Jerusalem after the Second World War In 1945, with no homes to return to, Jewish refugees by the tens of thousands set out for Palestine. Those who made it were hunted as illegals by the British mandatory authorities there and relied on the underground to shelter them; taking fake names, they blended with the population, joining the wildly different factions fighting for the independence of Israel. From master storyteller Stewart O’Nan, author of *Emily, Alone and Henry, Himself*, *City of Secrets* follows one survivor, Brand, as he tries to regain himself after losing everyone he’s ever loved. Now driving a taxi provided—like his new identity—by the underground, he navigates the twisting streets of Jerusalem as well as the overlapping, sometimes deadly loyalties of the resistance. *Alone*, haunted by memories, he tries to become again the man he was before the war—honest, strong, capable of moral choice. He falls in love with Eva, a fellow survivor and member of his cell, reclaims his faith, and commits himself to the revolution, accepting secret missions that grow more and more dangerous even as

he begins to suspect he's being used by their cell's dashing leader, Asher. By the time Brand understands the truth, it's too late, and the tragedy that ensues changes history. A noirish, deeply felt novel of intrigue and identity written in O'Nan's trademark lucent style, *City of Secrets* asks how both despair and faith can lead us astray, and what happens when, with the noblest intentions, we join movements beyond our control.

In 1945 Istanbul, American undercover agent Leon Bauer's attempt to save a life leads to a desperate manhunt, a game of shifting loyalties, and an unexpected love affair.

When the Moscow Station is left in ruins after a major intelligence breach, CIA analyst Jonathan Burke and agent Kyra Stryker are fast on the trail of Alden Maines, an upper-level CIA officer whose defection coincides with the murder of the director of Russia's Foundation for Advanced Nuclear Research.

Between 1993 and 2001, Mayor Richard J. Riordan, a maverick multi-millionaire who championed pragmatism over divisive politics, pulled Los Angeles from the brink of collapse and turned around one of the world's most famous cities. Wildly popular today among Angelenos of all stripes, Riordan continues to be a major force in the political and civic worlds of L.A. Riordan, a non-ideological Republican who was pro-choice, pro-gay rights, and pro-immigration, was elected to office in the aftermath of the infamous Rodney King beating and subsequent 1992 L.A. Riots, which caused nearly \$1 billion in property damage and took the lives of over 50 people. With ineffectual political leadership at City Hall, racial tensions were running high, the economy was in the tank, and the city's crime and homicide rates grew out of control during the crack cocaine epidemic. And only a few months into Riordan's young mayoralty, L.A. appeared to be most definitely doomed after the devastating 1994 Northridge earthquake rocked the city to its core. But unlike his combative counterpart in New York City, Mayor Rudy Giuliani, Riordan was a healing, compassionate figure that recreated L.A. into a thriving, world-class metropolis—and he's still a key problem solver in the nation's second largest city. As the result of Riordan's efforts, Los Angeles is now a cultural and event destination. He oversaw and pushed through the construction of Frank Gehry's masterpiece Walt Disney Concert Hall -- a venture the mayor helped personally fund when private financing stalled -- and the landmark Staples Center. He reformed the nation's second largest public school system, modernized the Los Angeles Police Department, and reformed Los Angeles' City Charter. After an unsuccessful run for California governor, Riordan worked for Governor Arnold Schwarzenegger as his secretary of education. Riordan's perspective on effective leadership is like no other. Readers will also learn about the numerous tragedies Riordan faced and how each event shaped him as a person and as mayor. From the deaths of Riordan's two, young children to the passing of his mother on the eve of his first mayoral election, Riordan's courage and compassion in the face personal heartbreak illustrates why he is so beloved. Riordan is also a cutting-edge philanthropist who helped dramatically improve literacy rates in such places as Mississippi and has personally donated over \$100 million to improve the education of poor children. For years, he has donated half his income to charities. This 330-paged memoir delves into his successes and difficulties during his time as mayor, the ideas and value system that drove his work—such as his deep spiritual beliefs that everyone is equal and deserves the opportunity to succeed—and the life

events that shaped him. Award-winning journalist Patrick Range McDonald helped Riordan shape this must-read book.

"I was the Miracle Boy, once upon a time. Later on, the Milford Mute. The Golden Boy. The Young Ghost. The Kid. The Boxman. The Lock Artist. That was all me. But you can call me Mike." Marked by tragedy, traumatized at the age of eight, Michael, now eighteen, is no ordinary young man. Besides not uttering a single word in ten years, he discovers the one thing he can somehow do better than anyone else. Whether it's a locked door without a key, a padlock with no combination, or even an eight-hundred pound safe ... he can open them all. It's an unforgivable talent. A talent that will make young Michael a hot commodity with the wrong people and, whether he likes it or not, push him ever close to a life of crime. Until he finally sees his chance to escape, and with one desperate gamble risks everything to come back home to the only person he ever loved, and to unlock the secret that has kept him silent for so long. Steve Hamilton steps away from his Edgar Award-winning Alex McKnight series to introduce a unique new character, unlike anyone you've ever seen in the world of crime fiction. The Lock Artist is the winner of the 2011 Edgar Award for Best Novel.

The “terrifically good” (The New York Times Book Review) finale in the New York Times bestselling Red Sparrow trilogy continues the dangerous entanglements of Russian counterintelligence chief Dominika Egorova and her lover, CIA agent Nate Nash, on the hunt for a Russian agent working in the US government. Russian president Vladimir Putin is planning the covert assassination of a high-ranking US official with the intention of replacing him with a mole whom Russian intelligence has cultivated for more than fifteen years. Catching wind of this plot, Dominika, Nate, and their CIA colleagues must unmask the traitor before he or she is able to reveal that Dominika has been spying for years on behalf of the CIA. Any leak, any misstep, will expose her as a CIA asset and result in a one-way trip to a Moscow execution cellar. Ultimately, the lines of danger converge on the spectacular billion-dollar presidential palace on the Black Sea during a power weekend with Putin’s inner circle. Does Nate sacrifice himself to save Dominika? Does Dominika forfeit herself to protect Nate? Do they go down together? With a plot ripped from tomorrow’s headlines, The Kremlin’s Candidate is “both timely and timeless; an espionage tale that takes the reader behind and beyond the headlines of Russia’s assault on America” (Nelson DeMille).
