Did you know that the clitoris has 8000 nerve endings, twice as many as the penis? Here is everything you've wondered about the female orgasm and how to make it happen. A witty, well-researched and revealing guide to giving your lover an orgasm every time. More than just foreplay, Ian Kerner argues that oral sex is the key to a great sex life for both partners. Short sections cover philosophy, technique, step-by-step instructions and detailed anatomical information, essential to both beginners and experienced lovers. 'It's time to close the sex gap and create a level playing field in the exchange of pleasure, and cunnilingus is far more than just a means for achieving this noble end; it's the cornerstone of a new sexual paradigm, one that exuberantly extols a shared experience of pleasure, intimacy, respect and contentment. It's also one of the greatest gifts of love a man can bestow upon a woman.' Ian Kerner

Gus Marcantonio, a retired longshoreman, summons his adult children home to the family's Brooklyn brownstone to discuss his recent decision to commit suicide. With his trademark mix of soaring intellect, searing emotion, and biting wit, legendary playwright Tony Kushner unfurls an epic tale of revolution, radicalism, family, love, sex, politics, real estate, unions and debts both unpaid and unpayable. With sweeping themes as hefty as its title, "IHo" (as it has been nicknamed) explores the dense and vexing issues that stem from the betrayal of a failed ideology and the challenges of family connectedness. This cerebral mammoth of a play asks what is left when the long-held belief systems that construct and inform one's identity prove to be empty.

"A novel of science, love, espionage, beautiful writing, and a heroine who carves a strong path in the world of men. As far as I'm concerned there is nothing left to want."--Ann Patchett, author of The Dutch House "A highly-charged love story that reveals the dangerous energy at the heart of every real connection...Riveting."--Delia Owens, author of Where the Crawdads Sing Love. Desire. Betrayal. Her choice could save a nation. Chicago, 1950. Rosalind Porter has always defied expectations--in her work as a physicist on the Manhattan Project and in her passionate love affair with colleague Thomas Weaver. Five years after the end of both, her guilt over the bomb and her heartbreak over Weaver are intertwined. She desperately misses her work in the lab, yet has almost resigned herself to a more conventional life. Then Weaver gets back in touch--and so does the FBI. Special Agent Charlie Szydlo wants Roz to spy on Weaver, whom the FBI suspects of passing nuclear secrets to Russia. Roz helped to develop these secrets and knows better than anyone the devastating power such knowledge holds. But can she spy on a man she still loves, despite her better instincts? At the same time, something about Charlie draws her in. He's a former prisoner of war haunted by his past, just as her past haunts her. As Rosalind's feelings for each man deepen, so too does the danger she finds herself in. She will have to choose: the man who taught her how to love . . . or the man her love might save?

Ever wonder what gives French women that je ne sais quoi? At first you might think it's the elegant figure, matchless style, and mysterious allure. Then you realize those qualities don't come from just anywhere. They come from generations of women raised

to cultivate an extraordinary sense of self. French women know who they are, like who they are, and excel at presenting who they are. The rest of us are often susceptible to the next fad, the new thing, the ultimate diet. We're always seeking, instead of realizing that what we already are may be just right. Rarely does an American woman feel as comfortable in her own skin as her French counterpart. And rarely does an American woman have that essentially French ability to say no---to refuse anything that doesn't suit her, whether that thing is a job, a man, or the season's latest styles. Provocative and practical, lively and intelligent, *Entre Nous* unlocks the mystery of the French girl and the secrets of her self-possession. Why do French women always look inimitably stylish? How do they manage to sit in a café for a three-course lunch and a glass of wine...by themselves? How do they decide when they're ready to let someone become a part of their very private lives? Laced with practical tips, engaging sidebars, and essential observations about French women and their ways, *Entre Nous* is a delightful book that will help you take the best of all pages from the French girl's book---the page that reveals how to really enjoy life.

An imaginative story of a woman caught in an alternate world—where she will need to learn the skills of magic to survive Nora Fischer's dissertation is stalled and her boyfriend is about to marry another woman. During a miserable weekend at a friend's wedding, Nora wanders off and walks through a portal into a different world where she's transformed from a drab grad student into a stunning beauty. Before long, she has a set of glamorous new friends and her romance with gorgeous, masterful Raclin is heating up. It's almost too good to be true. Then the elegant veneer shatters. Nora's new fantasy world turns darker, a fairy tale gone incredibly wrong. Making it here will take skills Nora never learned in graduate school. Her only real ally—and a reluctant one at that—is the magician Aruendiel, a grim, reclusive figure with a biting tongue and a shrouded past. And it will take her becoming Aruendiel's student—and learning magic herself—to survive. When a passage home finally opens, Nora must weigh her “real life” against the dangerous power of love and magic. For lovers of Lev Grossman's *The Magicians* series (*The Magicians* and *The Magician King*) and Deborah Harkness's *All Souls Trilogy* (*A Discovery of Witches* and *Shadow of Night*).

In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of 'Women and Fiction'; she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'. The following year, the two speeches were published as *A Room of One's Own*, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance – women and learning, writing and poverty – which helped to establish much of feminist thought on the importance of education and money for women's independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence – a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' — Kate Mosse, *The Guardian* 'Probably the most influential piece of non-fictional writing by a woman in this century.' — Hermione Lee, *The Financial Times*

"Philosophy's the 'love of wisdom', can be approached in two ways: by doing it, or by studying how it has been done," so writes the eminent philosopher Roger Scruton. In this user-friendly book, he chooses to introduce philosophy by doing it. Taking the discipline beyond theory and "intellectualism," he presents it in an empirical, accessible, and practical light. The result is not a history of the field but a vivid, energetic, and personal account to guide the reader making his or her own venture into philosophy. Addressing a range of subjects from freedom, God, reality, and morality, to sex, music, and history, Scruton argues philosophy's relevance not just to intellectual questions, but to contemporary life.

National Bestseller Winner of the Brooklyn Public Library Literary Prize for Fiction Shortlisted for the Governor General's Award for Fiction Shortlisted for the Reading Women Award "This amazing, sad, shocking, but touching novel, based on a real-life event, could be right out of *The Handmaid's Tale*." --Margaret Atwood, on Twitter "Scorching . . . *Women Talking* is a wry, freewheeling novel of ideas that touches on the nature of evil, questions of free will, collective responsibility, cultural determinism, and, above all, forgiveness." --New York Times Book Review, Editor's Choice One evening, eight Mennonite women climb into a hay loft to conduct a secret meeting. For the past two years, each of these women, and more than a hundred other girls in their colony, has been repeatedly violated in the night by demons coming to punish them for their sins. Now that the women have learned they were in fact drugged and attacked by a group of men from their own community, they are determined to protect themselves and their daughters from future harm. While the men of the colony are off in the city, attempting to raise enough money to bail out the rapists and bring them home, these women--all illiterate, without any knowledge of the world outside their community and unable even to speak the language of the country they live in--have very little time to make a choice: Should they stay in the only world they've ever known or should they dare to escape? Based on real events and told through the "minutes" of the women's all-female symposium, Toews's masterful novel uses wry, politically engaged humor to relate this tale of women claiming their own power to decide. With great wit and forcefulness, Shaw here presents the conditions under which he thought the world could look forward to the future with hope. This book sets out most completely Shaw's indictment of capitalism as the source of both domestic injustice and international enmity, and his arguments for a socialist egalitarian society as the only society assured a healthy future.

The setting is a country called Inish (the Irish word for "island" and also for "tell"), which bears a striking resemblance to modern Eire. More pertinently, Inish resembles a state of mind—and since the mind has a tendency to wander, it's not unnatural that certain scenes take place in Australia, Iceland, and the desolate Arrack Mines.
