Menolly flees her home, because she is not permitted to make music there, and is taken by the Masterharper himself to Harpershall, where she learns that only her own self-doubt stands in her way.

For more than thirty years, Pern has conjured visions of brave men and women mounted upon the backs of dragons. As anyone knows who has been touched by the storytelling magic of Anne McCaffrey, to read of the exotic world of Pern is to inhabit it—and to experience its extraordinary dragons is to soar aloft with them and share their dazzling adventures. Now, *A Gift of Dragons* brings together three beloved stories and a thrilling new tale of Pern in a single volume illustrated with beautiful artwork by Tom Kidd. In “The Smallest Dragonboy,” Keevan is the youngest dragonrider candidate, determined to impress a dragon when the next clutch of eggs hatches. But what transpires will surprise everyone—Keevan most of all. In “The Girl Who Heard Dragons,” a young girl’s rare ability to communicate with dragons puts her family in danger and will bring her face to face with her greatest fears—and with her most secret desire. The “Runner of Pern” is a girl named Tenna, who follows family

tradition by delivering messages—and who will find her destiny on the mossy traces that runners have used for centuries under the dragon-filled sky. And finally, a very special gift: an exciting new Pern adventure, published here for the first time, fresh from the imagination of Anne McCaffrey.

In this triumphant return to Pern, Anne McCaffrey takes us on an adventure as surprising and unforgettable as any that has come before . . . It is a time of hope and regret, of endings and beginnings. The Red Star, that celestial curse whose eccentric orbit was responsible for Thread, has been shifted to a harmless orbit, and the current Threadfall will be the last. Technological marvels are changing the face of life on Pern. And the dragonriders, led by F'lessan, son of F'lar and Lessa and rider of bronze Golanth, and Tia, rider of green Zaranth, must forge a new place for themselves in a world that may no longer need them. But change is not easy for

everyone. There are those who will stop at nothing—not even violence—to keep Pern and its people pure. And now a brand-new danger looms from the skies . . . and threatens a catastrophe of unimaginable proportions. Once again, the world looks to the dragons and their riders to solve the crisis and save the world. But now, as the friendship of F'lessan and Tia begins to bloom into something more, unforeseen tragedy strikes: a tragedy destined to forever change the future—not just of the two young lovers, but of every human and dragon on Pern . . .

Every 3rd issue is a quarterly cumulation.

“When McCaffrey's beloved dragons roar and their riders soar on the beasts' mighty backs . . . fans of Pern will likely be enthralled.”—Publishers Weekly

For generations, the dragonriders had dedicated their lives to fighting Thread, the dreaded spores that periodically rained from the sky to ravage the land. On the backs of their magnificent telepathic dragons they flew to flame the deadly stuff out of the air before it could reach the planet's surface. But the greatest dream of the dragonriders was to find a way to eradicate Thread completely, so that never again would their beloved Pern be threatened with destruction. Now, for the first time, it looks as if that dream can come true. For when the people of Pern, led by Masterharper Robinton and F'lar and Lessa, Weyrleader and Weyrwoman of Bendon Weyr,

excavate the ancient remains of the planet's original settlement, they uncover the colonists' voice-activated artificial intelligence system—which still functions. And the computer has incredible news for them: There is a chance—a good chance—that they can, at long last, annihilate Thread once and for all. An easy-to-use source for librarians, students and other researchers, each volume in this series provides illustrated biographical profiles of approximately 75 children's authors and artists. This critically acclaimed series covers more than 12,000 individuals, ranging from established award winners to authors and illustrators who are just beginning their careers. Entries typically cover: personal life, career, writings, works in progress, adaptations, additional sources. A cumulative author index is included in each odd-numbered volume. Thread will never fall again—a boy is born to Harper Hall. A musical prodigy who has the ability to speak with the dragons, he is called Robinton, and he is destined to be one of the most famous and beloved leaders Pern has ever known. It is a perilous time for the harpers who sing of Thread—they are being turned away from holds, derided, attacked, even beaten. In this climate of unrest, Robinton will come into his own. But despite the tragedies that beset his own life, he continues to believe in music and in the dragons, and he is determined to save his beloved Pern from itself—so that the dragonriders can be ready to fly against the dreaded Thread when at last it returns . . . “The story takes wing . . . when McCaffrey’s beloved dragons roar and their riders soar upon the beasts’ mighty backs. . . . At Natalon’s mining camp, Pellar embarks on a secret mission to discover whether the condemned criminals known as the Shunned are stealing coal. But the gifted tracker discovers that a far more treacherous plot is unfolding. A heartless thief named Tenim has realized there is profit to be made from firestone, the volatile mineral that enables the dragons of Pern to burn the lethal Thread out of the sky. When the last

remaining firestone mine explodes, a desperate race begins to find a new deposit of the deadly but essential mineral. Sure enough, Tenim has a murderous plan to turn tragedy to his own advantage. Now Pellar and his new friends—the kind and gentle Halla, a child of the Shunned, and Cristov, the son of a corrupt miner—must stop Tenim. If they fail, it will mean the end for Pern and its dragonriders. “Grittier than the early parts of the series; Todd’s apparently brought a wider, more current worldview to Pern.”—The San Diego Union-Tribune “These fabled dragons still cast a spell.”—Publishers Weekly

Chance and the reader's decisions will determine whether Robinton, a journeyman harper on Pern will succeed in his first assignment at Benden Hold

“[McCaffrey is the] master of the well-told tale.”—Chicago Sun-Times As long as the people of Pern could remember, the Holds had protected them from Thread, the deadly silver strands that fell from the sky. In exchange for sanctuary in the huge stone fortresses, the people tithed to their Lord Holders, who in turn supported the dragonriders, Pern’s greatest weapon against Thread. But not everyone on Pern was protected. Some, like Jayge’s trader

clan, simply preferred the freedom of the roads to the security of a hold. Others, like Aramina's family, had lost their homes. Regardless of their differences, however, they all feared the outlaws who preyed on holds and holdless alike. The Lady Thella's renegades are the most dangerous yet—all they need is Aramina, whose telepathic link with dragons can help them evade the dragonrider patrols. But Jayge is out to stop Thella . . .and he will never let her have Aramina.

"[Anne] McCaffrey here adds yet another dimension to her colorful and vivid saga by focusing on the attractive dolphins and their highly believable society."—Publishers Weekly When the first humans came to settle the planet Pern, they did not come alone: intelligence-enhanced dolphins also crossed the stars to colonize Pern's oceans while their human partners settled the vast continents. But then disaster struck. The deadly silver spores called Thread fell like rain from the sky, and as the human colonists' dreams of a new, idyllic life shattered into a desperate struggle for survival, the dolphins were forgotten. Now, centuries later, as the dragonriders of Pern prepare to complete the momentous task of ridding their world of Thread forever, T'lion, a young bronze rider, and his friend Readis, son of the Lord Holder of Paradise River Hold, make contact with the legendary "shipfish." And as the dragonriders grapple with the end of an era, T'lion, Readis, and

the dolphins face the start of a new one: reviving the bond between land- and ocean-dwellers—and resurrecting the dreams of the first colonists of Pern. **NEW YORK TIMES BESTSELLER** Even though Lorana cured the plague that was killing the dragons of Pern, sacrificing her queen dragon in the process, the devastating disease has left too few dragons alive to fight the fall of deadly Thread. As morale at Telgar Weyr plunges in the wake of the widespread loss, and Weyrwoman Fiona and the harper Kindan struggle to keep hope from vanishing, a pregnant Lorana decides she must take drastic steps. Nothing short of manipulating time itself will undo the damage done by the plague. But attempting time travel could have devastating consequences—altering history, and destiny, forever. Now, somehow, Lorana must find a way to accomplish what seems impossible: bending the natural laws of the universe without wreaking havoc on existence itself. To ensure the future of Pern, she's willing to take the fateful chance—even if it demands yet another, far greater, sacrifice. **BONUS:** This edition contains an excerpt from Anne McCaffrey and Todd McCaffrey's *Sky Dragons*.

young daughter, Koriana, is determined to Impress one of the delightful creatures. At the hatching, apprentice harper Kindan Impresses a fire-lizard of his own . . . and wins the heart of Koriana. But Lord Bemis mistrusts harpers and will not hear of a match between his daughter and the low-born Kindan. Then fate intervenes in the form of a virulent plague as fast-spreading as it is deadly. Arising suddenly, as if out of nowhere, the contagion decimates hold after hold, paying no heed to distinctions of birth. In this feverish crucible, friendship and love will be tested to the breaking point and beyond. For with Threadfall scant years away, the Dragonriders dare not expose themselves to infection, and it will fall to Kindan and his fellow apprentices to bravely search for a cure and save humanity. “Strong storytelling and compelling drama, along with memorable characters.”—Library Journal

A child prodigy-turned-Masterharper, Robinton must fight for his life when the citizens of Pern begin to doubt his and other Harpers' warnings of the coming of the dreaded Thread, and he uses his love of music, telepathic dragons, and his homeland to battle an evil tyrant preparing to take over the planet of Pern

that has claimed others.

A deadly epidemic was sweeping across Pern! Everyone, holder and dragonrider alike, pitched in to help—except Nerilka’s father, who refused to share Fort Hold’s bounty with the other Holds. So, ashamed of her family and determined to do her part, Nerilka packed up medicines and supplies and sneaked off to aid her people. Her quest to help wherever she was most needed led her finally to Ruatha Hold, where Lord Alessan was frantically preparing the precious serum needed for mass inoculations against the dread plague. Nerilka had long ago abandoned her hope of marriage and a home of her own. Now she found happiness in being useful and appreciated—first the Healers and then Alessan made very clear that they were grateful for her help. She had no idea that her new path would change the course of her life forever!

“Jacqueline Winspear has created a memoir of her English childhood that is every bit as engaging as her Maisie Dobbs novels, just as rich in character and detail, history and humanity. Her writing is lovely, elegant and welcoming.”—Anne Lamott The New York Times bestselling author of the Maisie Dobbs series offers a deeply personal memoir of her family’s resilience in the face of war and privation. After sixteen novels, Jacqueline Winspear has taken the bold step of turning to memoir, revealing the hardships and joys of her family history. Both

shockingly frank and deftly restrained, her story tackles the difficult, poignant, and fascinating family accounts of her paternal grandfather's shellshock; her mother's evacuation from London during the Blitz; her soft-spoken animal-loving father's torturous assignment to an explosives team during WWII; her parents' years living with Romany Gypsies; and Winspear's own childhood picking hops and fruit on farms in rural Kent, capturing her ties to the land and her dream of being a writer at its very inception. An eye-opening and heartfelt portrayal of a post-War England we rarely see, *This Time Next Year We'll Be Laughing* chronicles a childhood in the English countryside, of working class indomitability and family secrets, of artistic inspiration and the price of memory.

Volume III of The Dragonriders of Pern®, the influential series by sci-fi/fantasy titan Anne McCaffrey Never in the history of Pern has there been a dragon like Ruth. Mocked by other dragons for his small size and pure white color, Ruth is smart, brave, and loyal—qualities that he shares with his rider, the young Lord Jaxom. Unfortunately, Jaxom is also looked down upon by his fellow lords, and by other riders as well. His dreams of joining the dragonriders in defending Pern are dismissed. What else can Jaxom and Ruth do but strike out on their own, pursuing in secret all they are denied? But in doing so, the two friends will find themselves facing a desperate choice—one that will push their bond to the breaking point . . . and threaten the future of Pern itself.

NEW YORK TIMES BESTSELLER • Go back in time and visit Pern like it's never been seen before in this thrilling prequel about the creation of dragons. The beautiful planet Pern seemed a paradise to its new colonists—until unimaginable terror turned it into hell. Suddenly deadly spores were falling like silver threads from the sky, devouring everything—and everyone—on their path. It began to look as if the colony, cut off from Earth and lacking the resources to combat the menace, was doomed. Then some of the colonists noticed that the small, dragonlike lizards that inhabited their new world were joining the fight against Thread, breathing fire on it and teleporting to safety. If only, they thought, the dragonets were big enough for a human to ride and intelligent enough to work as a team with a rider... And so they set their most talented geneticist to work to create the creatures Pern so desperately needed—Dragons! A new hero emerges in a divided world as one of sci-fi's most beloved series—Anne McCaffrey's *Dragonriders of Pern*—relaunches with this original adventure from Anne's daughter, Gigi McCaffrey. In honor of the fiftieth anniversary of the *Dragonriders of Pern* series, Gigi does her mother proud, adding to the family tradition of spinning unputdownable tales that recount the adventures of the brave inhabitants of a distant planet who battle the pitiless adversary known as Thread. The last time Thread attacked Pern, the world was unprepared for the fight—until the Oldtimers appeared.

These courageous dragonriders arrived from the past, traveling four hundred years to help their descendants survive. But the collision of past and present took its toll. While most of the displaced rescuers adapted to their new reality, others could not abide the jarring change and found themselves in soul-crushing exile, where unhappiness and resentment seethed. Piemur, a journeyman harper, also feels displaced, cast adrift by the loss of his spectacular boyhood voice and uncertain of his future. But when the Masterharper of Pern sees promise in the young man and sends him undercover among the exiled Oldtimers, Piemur senses the looming catastrophe that threatens the balance of power between the Weyrs and Holds of Pern. When the unthinkable happens, Piemur must rise to the challenge to avert disaster and restore honor to the dragons and dragonriders of Pern. Because now, in a world already beset by Thread, another, more insidious danger looms: For the first time in living memory, dragons may be on the verge of fighting dragons.

“Personable characters and superb storytelling make this an excellent choice. . . . Essential for Pern fans of all ages.”—Library Journal (starred review) The son of a miner, Kindan has no expectations for any other life. He loves his lessons with the camp’s harper, but music isn’t part of a miner’s future. He also enjoys helping out with the camp’s watch-wher— a creature distantly related to dragons and uniquely suited to work in dark, cold spaces—but even that important job can’t promise a future above the ground. humans. When humans first settled on this world, they did not take notice of its sister planet, which had an indigenous life form that attempted to land on Pern when it came within reach. These silver "threads" fell in a destructive wave on the temperate lands of Pern once every 200 years, destroying all life they encountered. To combat this menace, the inhabitants of Pern developed a species of dragon that could burn these threads out of the sky before they touched down. Now, centuries have passed between threadfalls, and the danger of thread is considered a myth. However, a dragon rider named F'lar knows that the riders are once again needed.
